

**50th Anniversary of the North Brunswick Police
Department**

As part of our celebration and remembrance for the 50th Anniversary of the North Brunswick Police Department we are re-designing the park located adjacent to the rear police entrance. The site will have pavers and a seating area to be used by department staff for many years to come. This is an exciting opportunity to be a permanent part of the Department and Township by purchasing an **etched** 9x9 paver block that will be displayed in the park. Part of the cost will offset the construction of the park.

Print exact wording you would like on the block. Maximum of 4 lines with 15 letters each line.
